F. Downspout Relief-Put them in the ground Are you afraid that you are going to fall on the ice that builds up on your sidewalk due to your downspout? Is your driveway starting to crumble because of all the water that is constantly running down it due your downspout runoff? Do you have an unsightly downspout extension that takes up a good part of your planting area? Let us bury and extend your downspout. This eliminates unnecessary hazards, unsightly conditions and plants dying due to over watering. It is a simple procedure that will improve the conditions around your home. Package price \$355 per downspout, 4 or more downspouts, \$325 each.

G. Japanese Beetle Attack-Get Protected Now. Remember those nasty beetles that invaded our yards last summer? They are in your lawn right now in the form of grubs. Milky Spore is a 100% organic, natural, pet safe product that will kill the Japanese Beetle grubs for up to 20 years. This package includes the application of 20 ounces of Milky Spore Grub powder and the installation of 2 Beetle Baggers in your lawn. Package Price: \$325
**10% discount for neighbors that sign up together. Remember Milky Spore only needs to be applied once every 15-20 years. 20 ounces of powder covers 5000 square feet, depending on the size of your lawn you may need more powder.*

H. Winterize your Landscaping-Protect your investment!

Protect Your Evergreens from Winter Burn-Evergreen trees and shrubs are at an increased risk of drying out over the winter. Decrease that risk by spraying Wilt-Stop. This anti-transpirant spray reduces the water loss that occurs in the needles of evergreens during the winter, therefore reducing the risk that evergreens will dry out and die. Package Price: \$20 per shrub and \$35 per tree(up to 7' tall).

Protect Your Shade trees from Frost Cracking-The trunks of young shade trees, such as Maples, are susceptible to Frost Cracking. Frost Cracking is a vertical split in the trunk that occurs primarily on the South and West sides of the trunk. The sun heats up the trunk in the day causing an expansion of the trunk, and then the cold night temperatures cause the trunk to contract. Wrapping the trunk the DeWitt's Tree Wrap protects the trunk from that contraction and expansion process. Package Price: \$50 per tree
